inkLab

A laboratory rack filled with 60 Erlenmeyer flasks, arranged in 6 rows of 10. Each flask contains a different colored liquid, creating a vibrant rainbow-like gradient across the rows. The colors transition from dark purple and blue on the left, through red, orange, yellow, green, and cyan, to dark blue and magenta on the right. The rack is made of metal, and the background shows a typical laboratory setting with a window and some equipment.
